Ways to support your son at home:

Read daily and record your comments in the reading record.

Play multiplication and division games to develop your son's use and understanding of these concepts in real life and develop their recall, eg. Times Table Rock Stars.

Explore measurement through practical activities in the home.

Encourage your son to write for pleasure, creating their own stories, magazines and leaflets.

Encourage your son to explore the outside world, using their early map reading skills.

Encourage your son's developing independence, ready for Year 2.
